AMERICANS CARRY OUT IMPORTANT

Enter Defenses As Far slightly wounded. News of his As the Second Line

WITH THE AMERICAN ARMY John Legall. IN FRANCE, Tuesday, March 12. -By the Associated Press.—The American forces northwest of Toul carried out an important raid on the struments.)

German lines Monday night. The ar
Died of disease: Corporal Clyde tillery preparations lasted forty-five B. Jones, Privates Fern W. Bristol, minutes and the Americans entered John Bailey Gill, Loren H. Mitchell, the German defenses as far as the Jess E. Moody, George Washington second line. They found a number of Rutledge and Maurice L. Schwartz. German dead from shell fire and some of those who were retreating gil H. Brady and Private Jerrell E. were shot down.

The American engineers accompanying the infantry blew up enemy dug-outs. No prisoners were taken, chief-ly because of the fact that the Germans did not remain to fight, but Willie N. Cornelius, Edward B. Darran precipitately at the approach of the Americans. All the Americans returned to their own lines, and conspiled and Joseph Tezesnk. siderable information was secured. The American artillery last night completely obliterated a German position in which two hundred gas projectors had been set up ready for a gas attack. The projectors were discovered late yesterday in a photo-

graph taken from high in the air. As soon as they were definitely located there was a great concentration of American artillery fire and the projectors and the entire position were destroyed. In the last gas attack upon American troops only seventy-five projectors were used. The new attack therefore had been with the American forces in France. planned on a much more extensive A cablegram was received today at

EARLY MORNING FIRE DESTROYS HIGH SCHOOL

JACKSONVILLE HIGH SCHOOL BUILDING

Flames which originated in the basement of the high school building appeared at three Due to twenty four hours of continuous rain all streams in this section man, was allowed to return uno'clock this morning to be beyond the control of the firemen fighting to save the structure.

When the department was called the fire had been burning for some time and had gained good headway.

Prior to the turning in of the alarm, the smell of burning pine was extremely noticeable over the business section of the city and there were many inquiries regarding the source of the smoke.

Chief Hunt answered the first alarm with Motor Fire Truck No. 1 and as soon as the department arrived a stream of chemical was thrown on the flames and water was also soon playing upon the conflagration.

It was soon apparent that the other truck would be needed in the fight to save the strucceived, it had been assumed that the ture and this was sent for and made a prompt respond to the call.

> At 2:45 o'clock the flames seemed to be gaining additional headway and appeared ni the second story. The fire could be plainly seen from the north side of the building.

> Shortly afterward flames shot out from the west side of the building from the second story windows and with the draft which the breaking window panes gave the fire there seemed to be but little chance of the firemen saving anything but the walls of the handsome building.

> At 3:30 o'clock the building was totally destroyed and Priest's garage and other buildings east of the high school are in danger. A strong wind from the northwest saved the David Prince building, and carried sparks all over the business section of the city.

Was Built in 1900.

The building was started in 1899 and completed and dedicated in 1900. R. L. Gonsalves now of Hubbard Woods, a suburb of Chicago, was the contractor. The building cost approximately \$75,000 and was considered one of the best high school buildings in the state.

Since its erection a number of changes have been made in the interior arrangements which have added greatly to the facilities.

The school board had the building insured but it is doubtful if the insurance carried small. The aerial defense has im-college. would replace the structure at the present prices of material and labor.

HOPE TO HASTEN WOODEN SHIPBUILDING

Renewed Efforts Launched by Shipping Board-Orders Given to the Southern Yards to Use Smaller Timbers in Ship Frames.

Washington, March 13 .- Renewed efforts to hasten the wooden shipbuilding program were launched today by the shipping board.

After an announcement that authority had been given to southern vards to use smaller timbers in ship frames thereby obviating the necessity for using large timbers in the Pacific Coast, a circular letter to all wooden shipbuilders was made public by James O. Heyworth, manager of the division of wood ship construction in which he called for new metheach ship.

information relative to the present time the documents have been in possession of the U.S. marshal, and as indicated in today's telegraphic news, Mr. Heney is renewing his ef-

forts to gain possesion of the documents. Sought Many Documents.

M. R. McIsaacs, an examiner in the service of the federal trade commission, made the affidavit on which the search warrant was issued. The one person's property must be enprotection against both mob hysteria rolls, and the oppression of agents whom the people have chosen to represent them in the administration of laws which are required by the constitution to operate upon all persons that "in the McIsaacs affidavit there MAN'S. was not a single statement of facts verified by oath, the statement being CALLED MEETING TO that 'he has good reason to believe and does verily believe." "The court's further statement was that McIsaacs gave no facts or circumstances to which the judge could apply the legal standard and decide as to the probable cause for the affiant's belief.

CHAPIN ROAD NEEDS REPAIR WORK.

Persons who travel along the highway between this city and Chapin cannot but note the need for work is also some repair work which work at Brady Bros. should be done. Two years ago state aid money and the fund raised by county taxation was used for grading, draining and oiling this road meet at the hospital this afternoon and it was put into fine condition. to work for the institution. A full at-Unless something is done soon the tendance is desired. advantage of much of this work will be lost. There seems to be a difference of opinion as to whether the expense should be borne by the highway commissioners or by the countern hats and were much pleased. ty, but certainly for the benefit of The display will continue right along. the general public work should be done speedily which will make it sure that the road is kept in good ! condition and that the thousands of

WASHINGTON SCHOOL WINS CHAMPIONSHIP

Basket Ball Five From Fourth Ward Cops Both Games of City Grade School Championship Series at Y. M. C. A. Wednesday Afternoon.

The jury empanelled by Coroner in both games Washington school Charles A. Rose to inquire of the won the two games yesterday after-death of Mrs. Mary McCramer of noon and are now Champs of the

> It was Pep and Youth vs. Age and Experience yesterday afternoon and it was demonstrated to the satisfaction of nearly 300 howling spectators that the Pep and Youth were by far the class of the city. Washington, outweighed almost 30

pounds to the man and out aged about 4 years to the man went into the finals after a hard game with the 3rd warders without much hope of doing more than holding their older opponents to anything better than a close score, but the 13th didn't have a bit of bad luck for the Champs and they just naturally waded into the fray at such a fast pace that the game was over and won before the Lafayetteites could

get their second wind.

Although the whole team played wonderful ball the real hero of the contest was none other than our little Jack Benson, and the way he did things up will go down in history at the Washington school.

This tournament was the final series of games which have been in process for the past ten weeks. The teams played through their Aviation League to get into good physical con-

dition for the tournament.

Coach Towle of. the Washington school deserves much praise for the work he has done in getting the lightest team of the city schools into championship form and winning by such a one sided score as the final

At the end of the first half of the final game the score stood 5-0 so the Washington five played a defensive game the second half and again held their opponents scoreless A beautiful pennant will be given

LITHUANIANS PLEDGE SUPPORT TO U. S.

Two Day Convention Opened in New York—German Agents Attempt to Break up Meeting.

at the meetings, a delegate servit, with the national army at Camp Dix rushed on the stage and ended the debate by charging "this quarrel is the result of German spies." Later other delegates expressed the opinion

The convention then began forming a permanent organization of the 7.000 to 9.000 Lithuanians in this country with headquarters here and local Soviets in every city having a Lithuanian colony. Resolutions were adopted praising President Wilson tion of all small and oppressed nationalities and asking him to consider action which will bring freedom to Lithuania.

Another resolution pledged aid of Lithuanians in this country in the next Liberty loan and red cross camwell as the United States the necessity for obtaining independence for Lithuania. These resolutions probably will be adopted tomorrow.

Julius Kaupus, president of the New York Lithuanian society opened the convention but later J. G. Miliauskas of Pittsburgh was appointed chairman and permanent president with Stanley Geguzis of Mahanoy. Pa., vice chairman.

FIRST BLOCK. Chicago, March 13 .- Robert Cannefax of St. Louis won the first block of his match with Augie Kieckchallenger, was behind thruout most of the block but by a spurt near the end overcame the champion's lead, and thereafter was never in danger. The only sensational shot came when Cannefax made a brilliant massee reverse about the middle of the match. In making the shot he broke the tip off his cue, which memed to affect his playing for a while but he regained his form scoring 16 points in 12 innings. Kieckhefer's safety held Cannefax scoreless for five innings but the challenger then ran two, winning the block.

The second block of 50 points will be played tomorrow night. The score:

Cannefax-Total 50; high run 6; average .86. Kieckhefer-Total 42; high run 5; average .73.

***** Make Your Own Cough Syrup and Save Money

Better than the ready-made kind. Easily prepared at home.

***** easily be made up at home. The way it takes hold and conquers distressing coughs, throat and chest colds will really make you enthusiastic about it.

Any druggist can supply you with 2½ ounces of Pinex (60 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 65 cents and gives you a full pint—a family supply—of a most effectual, pleasant tasting remedy. It keeps perfectly.

pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat membranes, and gradually but surely the annoying throat tickle and dreaded cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is known the world over for its prompt healing effect on the throat membranes.

A HANDSOME DISPLAY

OF PATTERN HATS.

The display of pattern hats at the millinery store of L. C. & R. E. Henry yesterday attracted a large number of ladies and all were well pleased with the handsome array of full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

FARM CRAFT LESSONS FOR HIGH SCHOOL BOYS

ean Davenport of University of Illinois College of Agriculture Arranges Series of Five Lessons — Keen Interest Reported Thruout

Springfield, Ill., March 13-"Don't get 'cocky' when you have learned a few things. The road to becoming a farmer is a long one, and there is nearly always a better way than the man appointed from here to the U. Penn. Reserves July 8, 1862, and became Colonel Sept. 1, 1862. He man appointed from here to the U. few things. The road to becoming a one you have learned.'

This is one of the precautions ut-

the difference between the throat latch and the cockeye of a set of harwithers or the pastern of the horse to furnish him with the rudiments of farm knowledge.

Five lessons there are in all. In practically all parts of the state, it is

Carl Berry was a Springfield visitor last Friday and Saturday. Norman Campbell assisted with the singing at the First Baptist church

Mrs. Etta Mullen who has been keeping house for Ed Markillie cf Winchester has returned to her home in Merritt but we understand that Mrs. Mullen and her daughter, Hazel expect to make Mowagua their home in the near future.

Norman Taylor was a Jacksonville visitor last Wednesday. J. N. Peters was a Jacksonville

visitor Saturday. James Lazenby of Point neighborhood was transacting business in our little village Monday

Rev. Ray Ragan filled his regular appointment here Sunday evening.

OATS SOWING

From every part of the county ome reports of farmers busy sowing oats as the ground is in peculiarly fine condition owing to she tevere freezing of last winter. When oats can be put in the ground successfully in March it generally means a good crop and surely we need all the good crops we can produce this year.

The New Baby Tractor

THIS SMALL TRACTOR

IT WILL PULL

farm. The draw bar pull is equal to that of three 1400 pound draft horses. It will use your old horse-drawn gang.

is designed for all around use on any small Two 12-inch plows, 6 inches deep in ordinary plowing; An 8-ft. disc harrow; A 3-section drag harrow; A 7-12 grain drill; accomplish as much work in a day as four An 8-ft. binder; A large road drag; A loadhorses. It has a special hitch so you may ed farm wagon; A manure spreader; Or any ordinary three to four horse load.

WHY KILL THE HORSE WHEN YOU CAN USE A MOTOR? SEE OUR NEW MOTOR CULTIVATOR

Think of starting out for a day's corn plowing the old way, three horses for a two-row, or four horses for two single rows and two men. Get up early at 4 a. m., feed the horses, curry them, clean the stable, get breakfast, go out and harness the teams, take them out to water and hitch up to plow. Four to five acres per plow single and eight to nine with a two-row. The horses need a rest, especially on hot days. Quit at sundown and put up your team and get supper at 9 p. m. I have done it and I know. How do you feel? Not like going show, you know.

Come in and see the right way. Cet up, wash, get breakfast, get on the motor cultivator and plow eighteen acres. Quit at 6 p. m. and go to town happy. We wish to show you this wonderful tool in operation. A tool that means a great deal to all the farmers, one that has proven its worth and is an admitted great success. The first one built tended sixty-five acres in 1916, and is in fine running order ready for its third year of service. It is easy to handle. It is so constructed that you can remove the cultivator gangs and attach a drag harrow, disc, roller, or corn planter.

MROLET

(Say Chev-Ro-Lay!) VALVE-IN-HEAD MOTOR CAR

The only fully electrically equipped car in the world at the price. which is a value thought impossible by all manufacturers and is only made possible by the fact of perfect sales and factory organization which has produced the maximum volume at the minimum cost.

Every motor made, according to the advertisements you read, is practically perfect. Every one seems to be the most efficient, the most luxurious, biggest value, etc. In fact, adjectives as applied to motor cars in advertising have lost their worth. We wish to appeal to you, our reader, if possible, in a straightforward, plain talk right from the shoulder.

The Chevrolet model is a good looking car. It is well built of good material by a reliable concern, one of the largest in the world. It has easy riding qualities, extra strong rear axle construction, high grade transmission, a remarkable motor. It is very economical in the use of oil and gasoline, making the cost of up-keep very little. Our best recommendation is the large number of satisfied users.

We wish the opportunity of proving the facts to you in person, and earnestly request you to visit us and give careful attention to details as explained by our-

THE PERSON OF TH

CORN TESTING IN GREENE COUNTY

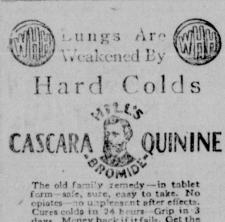

G. R. Percival Representing the State Council of Defense Looking After Work—Funeral of M. R. Gates.

Wnite Hall, March 13 .- C. E. Perival, representing the State Council of Defense is getting well organized with the work of selecting and buying seed corn on behalf of the state. His work embraces Greene county and any immediate territory. He arrived at White Hall two weeks ago, and now has opened a room up town for the purpose of storing corn that may be brought in for test and sale. Mr. Percival is greatly encouraged with the outlook in Greene county, and believes that considerable seed corn will be found here that will enable some of the less fortunate counties to have a surplus that otherwise would not be available in this more fortunate county with respect to corn the subject, and may be reached by the office of W. S. Corsa or the

That corn must grow and maure is a point of first importance, and it is the desire in this campaign to locate every bushel suitable for seed of the kinds needed. Seed there being comparatively little white corn. The prices offered are sufficiently large to induce hundreds of farmers to test out their own or neighbor's cribs, and tapped, buted, shelled and bagged ready for the Every bag must be labeled, giving the name and location of the wner and the variety, and the gernination test as determined from a pert and germination test by the Colge of Agriculture. The farms of Illinois must not be planted with poor seed. Seed corn at \$7 to \$10 per bushel means only \$1 to \$1.50 per acre for planting, while oats, barey or wheat costs from \$2 to nearly \$6 for seed.

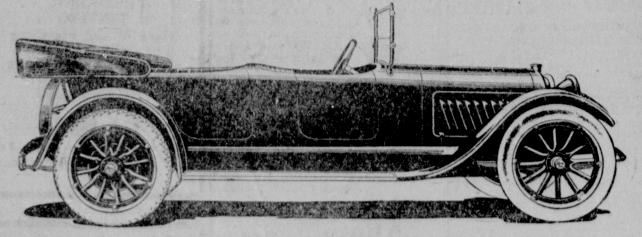

What is wanted by Mr. Percival is corn that will test eighty per cent germination and upward. For 80 to 9 per cent germination the buying price is fixed at \$6.50 and the selling price is \$8, and for 90 to 100 per cent the buying price is \$8.50 and the selling price \$10.00. These prices are sufficient to get good seed corn

if it exists. Saturday's Wind Damage The general reports of wind damage last Saturday covered many states. Locally the results were not so disastrous. By comparison the

You are right when you say in yours of Docember 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story - and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No. not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco - if they once become acquainted with a real dentifrice - with what a dentifrice can and should be . they are Senreco boosters

Your druggist or toilet counters can supply you with Senreco. It comes in large, two ounce tubes and retails at 25%.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee. Very truly yours.

SENREGO, CINCINNATI.

TEN MEN LEAVE CITY FOR MILITARY SERVICE

Three Photographers Go To Roches ter, N. Y.—Seven Lads Entrain for Fort Oglethorpe, Ga.—Men To Be Examined at Court House Next

Wednesday proved a busy day at the office of the local exemption board in the way of recruiting. Ten men left during the day for military service. Three of these were the photographers, Albert Mollenbrok and the Vieira brothers, who left at noon on the Alton for Rochester, New York. Later in the afternoon seven other young men left for Ft Oglethorpe, Ga., to enter service in the medical department. These seven volunteers were John E. Williamson of Murrayville, Julius E. Becker of Jacksonville, William Bacon of Murrayville, Clyde J. Dickens of Jacksonville, Fred Schell of Jacksonville, Henry Wilson of Madison, Ill. and M. M. Deavers of Nashville, Ill.

Men to Be Examined Next Week Beside the clerical work involved in getting these ten men away on time the exemption board office force has been busy mailing notices to the men to be examined next week at the court house.

The following men have been notified to appear:

To Be Examined Monday Robert Wilson, 342 North West

Make the soldiers' washing easy. Send them Fels-Naptha.

It is the ideal soap for soldiers. Boiling water is hard to get in camp. But Fels-Naptha works perfectly in water of any temperature. And it calls for so little rubbing!

When your soldier boy washes with Fels-Naptha Soap, his clothes will be clean and right for inspection.

FRED HARRIS SHOOTS

Also Fatally Wounds Miss Geneva Clark — Deed Committed On Chi-cago & Alton Train Near White Hall—Murderer Jumps from Train and Escapes.

thru the jaw bone.

The train was slowing up for a stop at the milk plant and Harris with the revolver in his hand ran to the situation. In the course of a week or ten days Mr Pierce senior member of the tirm, will visit the city for additional work.

In the afternoon when the party

taken to the Fox undertaking parhome of John Miller where she was attended by Dr. W. T. Knox. Her condition was somewhat improved of hedge was destroyed. Wednesday evening tho still regarded as critical

Coroner's Inquest Held Coroner Carmody of Carrollton was notified of the murder and held tity, we have the goods, the an inquest in White Hall Wednes- best made such as Southern day evening. The jury heard the testimony of Frank Sawyer, brother of the murdered man who was on the

train with him. Attorney Walter B.

Strang of Roodhouse and Attorney A. S. Greer of White Hall were in the same coach and were eye witnesses

of the tragedy. Sawyer did not see the killing. He had gone to another coach and found his brother dead when he returned.
Strang and Greer testified as to the Off From Fature Shipments. of the 108th military police. In this Strang and Greer testified as to the shooting but neither was able to identify the man. The testimony of J. E. Gard, special agent for the pany and is required to keep his L. Spencer for whom Harris worked Morgan county fuel committee, has

and James Clark. Sawyer Relative of B. T. Scott Scott's sister. He was about 22

Harris Journeyman Barber Harris the murderer is a journeyman barber and had been a resident of Roodhouse since last fall. He had kept company with the Clark woman McCORMICK CLUB on several occasions. It is presumed

that he committed murder in a fit of jealousy. According to the description received by Sheriff Graff, Harris is about 5 feet 6 inches tall, slight in build, weighing about 160 pounds. Dark complexion, dark hair combed straight back. When last seen he was attired in a black suit, hat and shoes

and wore a white shirt. Bloodhounds on Trail. The sheriff of Greene county was immediately notified of the murder and went to the scene. Bloodhounds were secured and put on the trail It is thought by those who followed the bloodhounds that Harris boarded a north bound Burlington train and made his escape. A reward of \$200 had been offered for his capture

dead or alive. Witnesses of the shooting said that Harris seemed to act upon the impulse of the moment. That nothing strange or unusual was noted in his demeanor when he took the seat. behind Sawyer and Miss Clark. is the theory of some that he was all arrangements and expect the proprompted to the act by overhearing gram to begin promptly and to be ome remark made by the couple.
